

The image displays a Kanban board for a project named "Tictaktoe". The board is organized into six columns, each representing a different stage of the workflow. Each column has a header with a status icon, a count, and an "Estimate: 0" label. Below the header, a brief description of the column's purpose is provided. The tasks are represented as cards within these columns, each containing a title, a description, and a priority/status indicator.

- Backlog (1/5):** This column contains one task: "Draft implement competitive ai" with a priority of "Normal" and a status of "M".
- Ready (3):** This column contains three tasks:
 - "swt_tiktaktoe #2 implement basic game logic" with a priority of "MVP" and a status of "L".
 - "swt_tiktaktoe #3 implement basic ai" with a priority of "MVP" and a status of "S".
 - "swt_tiktaktoe #4 Create UI" with a priority of "MVP" and a status of "L".
- In progress (0/3):** This column is currently empty.
- In review (1/5):** This column contains one task: "swt_tiktaktoe #5 create basic interfaces as link between gui and logic" with a priority of "Critical" and a status of "M".
- Reviewed (0):** This column is currently empty.
- Done (1):** This column contains one task: "swt_tiktaktoe #6 create basic logic elements (board and tile)" with a priority of "Important".

At the bottom of each column, there is a "+ Add item" button.
